MEMORANDUM FOR: Deputy Director, Plans

SUBJECT : Project AERODYNAMIC, Amendment No. 3

1. It is requested that Project AERODYNAMIC be amended to provide additional funds in the amount of [] (to cover the third and fourth quarters of FY 1959), increasing its FY 1959 authorization from [] to []. The additional funds required are available in the SR Division FY 1959 budget allocation. Project AERODYNAMIC originally was approved by ADPC on 17 June 1950. It was renewed by DCI on 30 January 1953 and by DD/P on 16 July 1954. The Project was renewed by DD/P on 2 June 1955, by DD/P on 17 May 1957 and by CPP on 22 September 1958.

2. The request for additional funds is made necessary to cover the following:

A. The salaries of AECASSOWARY 4 and AECASSOWARY 15. Although AECASSOWARY 4 and AECASSOWARY 15 had been working under Project AERODYNAMIC, they were paid from funds of FI Project AECARTHAGE, which project was terminated in FY 1958. \$9,000

B. The cost of new recording equipment. Purchase of new machines to replace the old recording equipment which has broken down frequently and caused heavy repair expenditures plus the loss of countless man hours. []

C. A 10 percent across-the-board salary increase for the personnel of the Project cover company. The average per annum salary of the cover company employees is \$4,700, with the exception of the principal whose salary is \$8,000 per annum. This would constitute the first salary increase for the employees of the cover company, most of whom have been employed in their present capacities for about five years or more. Rises in the already high cost of living in the area in which they are physically located has presented a hardship. For the second half of FY 1959 a 10 percent salary increase for the present 10 employees (retroactive to 1 January 1959) will amount to approximately \$3,000. 3,000

D. Expenditures in the second half of FY 1959 in connection with preparatory activities for the Vienna Youth Festival, including travel to Vienna by AECASSOWARY contacts in Europe for reconnoitering purposes. []

SUBJECT: Project AERODYNAMIC, Amendment No. 3

1. PURPOSE

To utilize selected anti-Soviet emigre groups for PP activities which demonstrate continued opposition to the Soviet system.

2. BACKGROUND

a. Project AERODYNAMIC, originally approved in 1950, centers around PP use of specific anti-Soviet emigre organizations extending throughout the Free World. The project renders financial assistance to these emigre organizations, subsidizes the publication of several newspapers, supports broadcasts to the Soviet Union, and provides guidance and financial support for various related targets of opportunity as well as propaganda activities directed against Soviet action and personnel in certain Free World areas.

b. Amendment No. 3 to Project AERODYNAMIC requests an additional [] for FY 1959 for salary increases, the inclusion of personnel formerly carried on another project within AERODYNAMIC, replacement of recording equipment and exploratory activities for an international conference. Funds for this increase are available from within the SR Division's current budget allocation.

3. PROPOSAL

It is proposed that Amendment No. 3 to Project AERODYNAMIC be approved in the amount of [] increasing the project's authorization from [] to [] for FY 1959, for the reasons above.

4. ACTION

At the request of the Deputy Director (Plans) action will be effected by lateral vote without a formal meeting of the Project Review Committee.
